Education

Birla Institute of Technology, Mesra (BIT Mesra) 2025 – 2030

Integrated M.Sc, Quantitative Economics & Data Sciences (QEDS)

Experience

Graphic Design Intern – UH Tech Jan 2026 – Present

- Designed brand identities, logos, marketing creatives, and UI assets using Figma and Canva for digital products and client projects.
- Created visual systems, website graphics, and background imagery that improved brand consistency across digital platforms.
- Collaborated closely with developers and product teams to transform design concepts into implementation-ready visual assets.
- Delivered multiple design iterations based on stakeholder feedback while maintaining quality, usability, and project timelines.

Projects

ReligioGram [Live Project](#)

- Designed the platform's visual identity including logo design, UI components, icons, and supporting graphics.
- Created user-centric interface layouts for a platform connecting users with pandits and priests for rituals, consultations, and spiritual services.
- Developed a consistent visual language across landing pages, onboarding flows, and promotional assets.

Ibhaveda [Live Project](#)

- Designed the logo, visual identity system, and supporting brand assets for a founder-collaboration and venture-building platform.
- Produced UI components and marketing visuals aligned with the platform's startup-focused audience.
- Worked on typography systems, interface consistency, and visual storytelling across digital touchpoints.

Personal Portfolio Website [Visit Portfolio](#)

- Designed and developed a personal portfolio website showcasing projects, skills, experience, and design work.
- Focused on responsive layouts, typography, visual hierarchy, and user experience to create a professional online presence.
- Integrated project showcases, resume access, and contact functionality to improve recruiter accessibility.

Leadership & Campus Involvement

UNESCO Club, BIT Mesra 2025 – Present

- Participated in educational, cultural, and social impact initiatives organized by the club.
- Collaborated with multidisciplinary student teams during events, outreach activities, and community programs.

Society for Data Science (SDS), BIT Mesra 2026 – Present

- Engaged in data science, analytics, and AI-focused workshops, discussions, and technical activities.
- Participated in peer-learning initiatives related to machine learning and emerging technologies.

IETE Student Chapter, BIT Mesra 2026 – Present

- Active member of the Institution of Electronics and Telecommunication Engineers student chapter.
- Participated in technical seminars, engineering sessions, and knowledge-sharing activities.

Skills

Design Tools: Figma, Canva

Design Skills: UI Design, UX Design, Wireframing, Prototyping, Brand Identity Design, Visual Design, Typography

Programming Languages: C, C++, Python, R

Coding Profiles: LeetCode, Problem Solving, Data Structures & Algorithms

Libraries / Frameworks: NumPy, Flask

Other: Design Systems, User Research, Information Architecture, Data Visualization

Achievements & Highlights

- Selected as a Graphic Design Intern at UH Tech, contributing to branding, UI assets, and digital product design.
- Designed visual identities, logos, and interface assets for real-world projects including ReligioGram and Ibhaveda.
- Built and launched a personal portfolio website showcasing design projects, skills, and professional experience.
- Active member of UNESCO Club, Society for Data Science (SDS), and IETE Student Chapter at BIT Mesra.
- Actively practicing Data Structures and Algorithms through LeetCode to strengthen problem-solving and programming fundamentals.
- Continuously exploring design systems, branding, visual storytelling, and user-centered interface design.
